About Me

Results-driven Computer Science professional with a strong focus on React development, seeking roles to leverage skills in React and gain experience in Node.js. Committed to continuous learning and growth in the field of web development, with a particular interest in blockchain development.

Experience

SMTECHH 2023

WordPress Developer

I have crafted stunning websites that seamlessly blend design and functionality. Transformed design concepts into fully functional websites, delivering polished and appealing online experiences.

Education

Studied Bachelors of Computer Science at Air University, Pakistan

2019-2023

Skills

- Programming Languages: Solidity, JavaScript, HTML, CSS, C++
- Web Technologies: React, Node.js, Bootstrap, WordPress, Tailwind CSS
- Tools and Frameworks: Truffle, Remix IDE, Git, Github, VS Code, Visual Studio
- Databases: MySQL, MongoDB
- Operating Systems: Windows, Linux

Projects

Decentralized Medication History Management Dapp (React, Solidity Smart Contract):

- Developed a decentralized web app using React and Solidity smart contracts.
- Implemented blockchain technology for secure and transparent medication history management.
- Enabled seamless tracking and verification of medication records, enhancing data integrity and patient safety.

Gardening Blog for Essential Supplies and Techniques (HTML, CSS, JavaScript, Bootstrap):

- Built an interactive blog using HTML, CSS, JavaScript, and Bootstrap.
- Provided a platform for sharing gardening supplies and techniques.
- Created an engaging and user-friendly interface for easy navigation and readability.

EZSUMMARY React Project

- Developed EZSUMMARY, a React project with Vite, which serves as an AI-powered Article Summarizer using OpenAI's API.
- Implemented a user-friendly interface for effortless transformation of lengthy articles into concise and digestible summaries, saving valuable time and effort.

Additional Skills

- Strong problem-solving and analytical abilities
- Excellent verbal and written communication skills
- Ability to work effectively in a team environment
- Quick learner with a passion for new technologies and trends
